## Operating concept

To train, develop and support young people and adults so that they can embark on a good professional and work career.

### Values

- Appreciation of professional skill
- Customer-orientedness
- Openness
- Emphasis on co-operation

## A stronger foundation

Omnia is a multisector joint authority of education offering vocational training at a number of centres in Espoo and Kirkkonummi. Omnia's affiliated municipalities comprise Espoo, Kirkkonummi and Kauniainen.

Omnia offers vocational training to young people and adults who have completed comprehensive school or have passed the matriculation examination. The range includes twenty vocational qualifications, dozens of vocational and special vocational qualifications, extension and career training, apprenticeship training, and youth workshops.

Omnia consists of four centres: a Vocational College, Adult Education Centre, Apprenticeship Training Centre and Youth Workshops.

# All roads lead to Omnia

Omnia's wide range of training is provided at a number of centres located near convenient transport links in Espoo and Kirkkonummi. Omnia Vocational College, Adult Education Centre and Apprenticeship Training Centre and the youth workshops offer highways to training.
